

How to PhotoDay

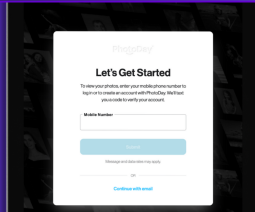

A step-by-step guide on purchasing photos

Step 1

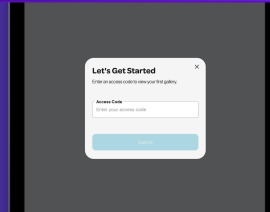

Text your access code to **90738**, click on a direct link, or enter your access code at <https://my.photoday.com>

Step 2

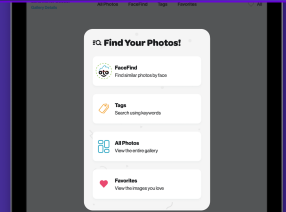

Create an account using your phone number or email address.

Step 3

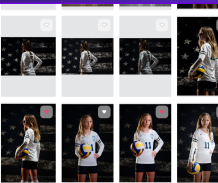

After that, you can enter your access code here. If you don't have a code, contact your photographer...or ask a friend!

Step 4

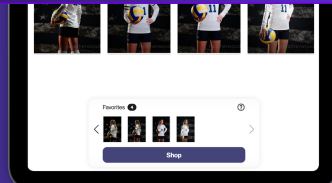

There are up to three possible ways for you to initially search for photos: FaceFind, Tags, or All Photos. Choose which is easiest for you!

Step 5

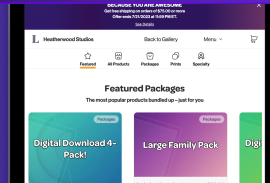

Go ahead and take a peek at the newly filtered photos, and start marking your favorites by pressing the heart icon in the top right of your photo choices.

Step 6

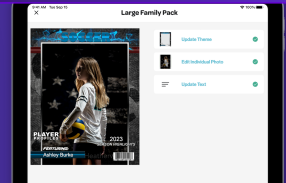

Once you're done selecting your favorites, select "Shop" at the bottom of the screen.

Step 7

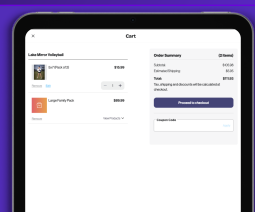

Select a package or a single product. In this example, we're going to select a package.

Step 8

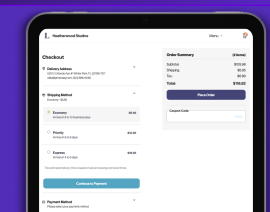

Customize your products – either individual ones or items in a package – to your liking! Once you're done, you'll be able to go to your shopping cart and the checkout screen.

Step 9

In your cart, you can edit your selection, adjust the quantity of items, continue shopping, or check out when you're ready.

Step 10

Select a shipping method, enter your contact information, and apply any coupon codes you may have received. Then, enter your payment method, and hit the "Pay Now" button. And you're done!
